

VILLAGE OF WESTFIELD

CLINTON ST. & MARKET ST.

MUNICIPAL PARKING LOT

RENOVATION

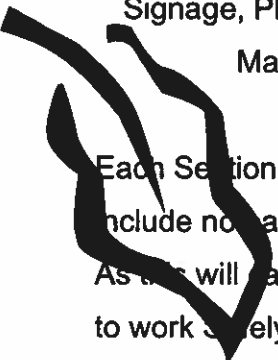

VILLAGE OF WESTFIELD RESIDENTS AND BUSINESSES

We are entering the Final Stage of the Parking Lot Renovation Project. This will include Milling of the Old Asphalt, Grading and Paving Asphalt Base and a Asphalt Top Course. Restoration Phase of the Parking Lot which includes Stripping, Signage, Planting of Trees, Shrubs and Grass; this will be done after Clinton St. and Market St Parking Lots are paved and opened back up to full traffic.

Each Section of the Parking Lot will be closed for approximately 2 weeks, this will include no parking at any time during the period and very limited access for deliveries. As this will cause a great inconvenience for everyone, it will also allow the Village PWD to work safely and complete the work on schedule; as long as Mother Nature cooperate with us.

For your convenience the Public Works Division will be available to answer your questions or concerns or in need of assistance with deliveries by calling (716) 326-3477 or (716) 326-2145

Ed LeBarron
Public Works Superintendent

STREET CLOSURE NOTICE PAVEMENT MILLING

JEFFERSON STREET

CASS STREET to COLBURN STREET

Jefferson Street will be closed Tuesday, June 29, 2021 between 10:00 AM and 3:00 PM for the purpose of Milling the street in preparation for Paving; we will only be milling anywhere from 1" – 1 ½" deep The Street will be closed to all traffic, except for local traffic until the completion of the Milling Operation. You will be able to leave or enter your driveway as you wish; there might be a small delay if we are working in front of your property.

PLEASE DO NOT PARK VEHICLES ON THE SHOULDERS

Resident please if you see the Village and Town Trucks on your Street, please be patient as this will help to speed up the process of completing the Milling Operation.

We apologize for this inconvenience as we cannot give you a definite time that we will be on your section of your street to do the milling and also for a short period of time that your street will be closed to traffic. Any question, please call the Public Works Division at 326-3477 and someone will respond as soon as possible.

Paving of the Street will be done the week of July 12th – 16th, 2021

Ed LeBarron
Public Works Superintendent
