

SPRING HYDRANT FLUSHING Notice

**Village of Westfield
Department of Public Works
Water**

**ATTENTION ALL CUSTOMERS OF THE WESTFIELD
MUNICIPAL WATER SYSTEM
HYDRANT FLUSHING ALERT**

Water main flushing will begin in the Village of Westfield starting, Tuesday May 26th until Friday, June 26th. Starting at 7:00 a.m. until 3:30 p.m. daily.

Flushing of Westfield's water mains will begin on the south side of the Village, moving in a northerly direction, ending with the Town of Westfield Route 5 Water District. Flushing will cause roily water. Residents should stock a supply of water for drinking and cooking before flushing begins. Care should be taken not to draw the roily water into hot water tanks, heating systems and especially clothes washers.

Any questions or concerns please call 326-2832
